LEGENDS RUN FOREVER

Becoming a legend takes more than excellence. It takes being one of a kind. From the very beginning, the CZ 75 set new standards by combining outstanding comfort, mild recoil, and an exceptionally refined SA/DA trigger in a compact, highcapacity handgun.

CZ 75 LEGEND

Designed without modern technologies or computer simulations, the CZ 75 was the result of pure engineering genius

– paper, pencil, and the vision of Frantisek Koucky. Its grip fits naturally in almost any hand, its inverted slide rails deliver remarkably soft recoil, and its simplified trigger system provides a lighter and more consistent double-action pull. Now, the original CZ 75 returns exactly as it left the factory in the 1970s, offering a rare opportunity to experience the true “Wonder Nine” in its purest form.
